HIGH SOLIDS FLOOR FINISH

A leading edge formulation of new generation crosslinked polymers which safely seals and protects resilient floor surfaces. It is slip resistant and resists scuffing and heel marks. High solids formula dries to a beautiful high gloss and exceptional endurance. Can be high speed burnished or spray buffed for regular maintenance. SPOTLIGHT will cover 2000-2500 square feet per gallon.

FEATURES & BENEFITS

- Delivers a high-gloss finish with moderate maintenance
- Floor retains gloss and clarity longer between periodic polishing
- Provides maximum protection against scuff marks, water spots, and black heel marks
- High-solids formula reduces cost, time, and labor associated with periodic recoats

APPLICATIONS & USES

To seal and protect floors.

DIRECTIONS FOR USE

1. Clean and prep floor. Let floor dry completely before sealing.
2. Pour SPOTLIGHT straight into a clean, dry microfiber applicator bucket.
3. Apply a thin, even coat of SPOTLIGHT using a new microfiber application pad.
4. Allow SPOTLIGHT to dry completely before applying the next coat (about 30 minutes).
5. Repeat steps 3 and 4 until desired protection and gloss are achieved.
