ZenaCore Clean One

A/C EVAPORATOR CLEAN & FLUSH

ZenaCore Clean One is a powerful foaming A/C evaporator cleaner designed to rapidly dissolve and break down stubborn build up in your vehicle's air conditioning system. Its easy-to-use applicator hose can reach difficult to access areas, and it is safe to apply directly to evaporator coils or through the condensate drain line. ZenaCore Clean One expands when sprayed to cover every surface and instantly goes to work dissolving dirt, grime, bacterial and fungal growth, and other odor causing contaminants. The foam dissipates and flushes out build-up through the condensate drain with no rinsing required. Our powerful formula improves cooling efficiency and eliminates foul odors, leaving behind a subtle pleasant scent. The single use can is optimally filled with 5 ounces of product, intended to be fully used during each A/C cleaning application.

FEATURES & BENEFITS

- Fast acting enzymatic cleaner & deodorizer
- High foam & rapid dissipation
- Rinse-free formulation
- Non-corrosive
- Custom easy-attach applicator hose

DIRECTIONS FOR USE

1. Run A/C for several minutes to ensure condensate drain tube is not blocked, then turn off engine.
2. Remove stacker safety cap and attach applicator hose into the drain tube. Ensure hose is securely fastened to spray nozzle.
3. Insert the applicator hose into the drain tube and spray can contents.
4. Place a container under the drain tube and allow 15 minutes for the cleaner to work and let contaminants drip out completely.
5. Run the blower motor at low speed with the A/C off for 5 – 10 minutes to dry out the system.

SIZE / AVAILABILITY

CAN SIZE: 6 oz

NET WEIGHT: 5 oz

QUANTITY: 12 per case

SHIPPING WEIGHT: 7.5 LBS

Each case contains (12) 24" long extension hoses with actuator assembly.

PHYSICAL CHARACTERISTICS

COLOR	White Foam
