ZenaKote

BATTERY TERMINAL PROTECTOR

Battery terminal protector that guards against corrosion by sealing out moisture on battery terminals, hold-downs, cables and clamps. ZenaKote prolongs life and helps prevent terminal contact failures.

FEATURES & BENEFITS

- Extends battery life
- Improves electrical output
- Prevent corrosion
- Remain flexible

APPLICATIONS & USES

Ideal for use on battery powered scrubbers, boats, buses, cars, construction equipment, electric fork-lift trucks, golf carts, municipal vehicles, and trucks.

DIRECTIONS FOR USE

1. Shake vigorously for one minute after the mixing ball begins to rattle.
2. On new batteries, spray terminal cables, battery posts and battery carrier.
3. On older batteries, remove corrosion with battery terminal cleaner.
4. Spray a uniform coat on all surfaces.

Before use, it is recommended that you clean the battery terminals with #490605 ZenaVolt Battery Terminal Cleaner.
