ZenaLube Red

RED GREASE LUBRICANT

Multi-purpose lubricant that sprays on like a liquid and sets up on the surface like a thick grease. Provides extra protection over a wide range of extreme pressure and temperature conditions up to 575°F. This red grease lubricant maintains constant viscosity to lubricate and protect bearings, roller chains, cables, hinges, and much more.

FEATURES & BENEFITS

- Superior long-life lubricant
- Prevents rust and resists water washout
- Effective in extreme temperature and pressure conditions

APPLICATIONS & USES

For use on industrial bearings, even in chemical service, electric motor shafts, truck, and tractor fifth wheels, roller chains, gears, bearings, electric motor shafts, pulleys, winches, machinery, chains, cables, cranes, pumps, agricultural hitches, heavy equipment bearings surfaces, automotive hinges, and striker plates.

DIRECTIONS FOR USE

1. Shake vigorously for one minute after mixing ball to rattle.
2. Spray 8 to 10 inches.
3. Liquid will gel instantly. Gel dries to a grease in several minutes.
